INTRODUCTION

The Australasian Team Roping Association Inc (ATRA) is Asia Pacific's Premier Team Roping Organization and the affiliating body of the most prestigious team roping events across Asia Pacific. Providing team ropers the opportunity for **EQUALITY IN COMPETITION** which is the foundation of the ATRA and through its use of the United States Team Roping Championships (USTRC) Handicap system ropers of all ages, skill levels, and backgrounds have flocked to the sport. The innovative and creative nature of the ATRA has not only shaped the sport of team roping but also revolutionized it. The introduction of the USTRC based Team Roping Information and Data TRIAD classification system is the achievement of another milestone and thus continues the quest for **EQUALITY IN COMPETITION**. For the first time in the history of the sport, roper's classification will be determined by objective performance data. The result is a more fair and balanced system that allows ropers an even greater opportunity to participate on a level playing field.

The ATRA is a **"FIT ALL"** organization for team ropers. No matter what level of the sport you are in, the ATRA has a place for you to rope. The ATRA provides each roper with an opportunity to compete at a level suitable to their ability and that is made possible because of **EQUALITY IN COMPETITION**. The ATRA offers family entertainment at the highest level. The camaraderie and sportsmanship at team roping events is unparalleled by any other sport. The rewards can be the simple fact of competing or the extravagant prizes, money, and glory that comes with being a champion. Either way, such rewards can only be achieved through **EQUALITY**.

CLASSIFICATIONS

TRIAD CLASSIFICATION CRITERIA

Ropers will be rated from a #1 to a #10 based on their ability level using the TRIAD classification system. The following are the general classification definitions for each team roper ability level.

#1 TRUE BEGINNER - This person is learning to ride and swing a rope. Learning is priority over competition.

#2 BEGINNER NOVICE - Inexperienced riders with little roping experience. Uncomfortable roping from a horse, this roper has difficulty controlling their horse and rope at the same time. This roper is new to competition.

#3 MID LEVEL NOVICE - This roper is competing more and catch percentages have increased. Comfortable roping from a horse, but limited horsemanship skills prevent control over any aspect of the run. This instability prevents making necessary adjustments during the course of a run, which leads to inconsistency from one run to the next.

#4 UPPER-LEVEL NOVICE - Better rope handling mechanics allow for more catches. Better horsemanship skills afford control on slow moving steers, but this roper still lacks the necessary rope skills and horsemanship to adjust to fast moving steers. Headers do not handle cattle very well and heelers lack ability to time feet. Both are inconsistent at putting runs together for the average.

#5 LOW LEVEL AMATEUR - (HEADER) Catches more than misses and handles cattle with more consistency. This roper rides a conservative barrier, so most of his/her catches are well down the arena. This roper stands out in novice class roping.

(HEELER) This roper can sense being in time with the steer, which allows for a better catch to miss ratio. Reaction time is slow making it difficult to adjust to speed in the run. He/She has developed a pattern from one run to the next but struggles to catch many steers in succession. This roper stands out in novice class roping.

#6 MID LEVEL AMATEUR - (HEADER) Catches the majority of steers around the horns. Better at riding the barrier, this roper is turning steers where the heart of the roping is taking place. Skilled at handling steers through the corner, allows heelers to catch more easily and more frequently behind them. Typically rides to the hip of the steer before taking a throw and therefore does not take time out of the run.

(HEELER) This roper knows when they are in time with the steer. Better horsemanship and better rope handling skills allow them to make adjustments during the course of the run in order to time up with the steer. This roper rides a conservative corner and usually tracks the steer several jumps to find a throw. Timing is more automatic, so this roper will seldom completely miss a steer, however, he/she will frequently rope one leg. Focused more on catching than dictating the speed of the run.

#7 SEMI PRO - (HEADER) This roper can dictate the speed of the run. Skilled at riding the barrier, he/she will catch most steers in the upper 1/3 of the arena.

HIGH LEVEL AMATEUR - (HEELER) Sound horsemanship and sound rope skills allow this roper to catch most of their cattle by two feet. This roper sets the run up using a wide angle relative to the steer and rides aggressively through the corner. A solid catcher with intermittent ability to speed up the run. Typically, this roper will hold slack overhead, thus allowing more rope to extend between them and the steer. The inability to quickly shut the run down on a consistent basis prevents a higher classification.

#8 PROFESSIONAL - (HEADER) This roper rides a barrier extremely well regardless of the length of score. They consistently rope their steers on the gain (a stride back of the steer) and with excellent horsemanship skills they control both the steer and the speed of the run.

SEMI PRO - (HEELER) This roper rides higher and tighter horse position relative to the steer and consistently catches their steers on the third or fourth jump. Quicker at handling their slack, this roper can take time out of the run by dallying on a shorter rope.

#9 WORLD CLASS - (HEADER) Regardless of the roping conditions, this header has the unique calculated ability to control the run. They ride superior horses, which allow them to make the most of any steer they draw. This header generally ropes for a living and /or is among the best in the world.

PROFESSIONAL - (HEELER) This roper rides the corner looking for position that enables him to rope as the steer leaves the corner. This aggressive position allows him to rope most of his steers by two feet on the second or third jump.

#10 WORLD CLASS - (HEELER) This roper rides corner looking to rope the steer on the first legal jump and has the calculated ability to make up time on any given run. Superior horsemanship and rope handling skills allow him to rope most of his steers by two feet on the first or second jump. Ropes for a living and /or is among the best in the world. World NFR quality heeler.

The purpose of the classification system is to provide for ropers a handicap system, which will allow them the opportunity to compete throughout the country against those of similar skills. The ATRA acknowledges that there is no such thing as a perfect classification system.

CLASSIFICATION SYSTEM & HALF (.5) TRIAD CLASSIFICATION SYSTEM

The Classification system is used to limit the margin of error in setting roping divisions. Each roper is classified or rated with a number 1 through 10, according to his or her ability to rope. No roper will be numbered higher than 10. Your classification number is your ability rating as judged by your peers and/or performance based. In order to fine-tune the TRIAD Classification System, ATRA has implemented the half (.5) system. A roper with a half (.5) rating is someone who has proven by performance to have a competitive advantage (or disadvantage) among his or her classification group but is not a full classification number off.

Headers classified as a TRIAD #3 through to TRIAD #7 will be eligible to receive a half (.5) classification. For example, a #5 header who has proven to have a competitive advantage will be reclassified as a #5.5. Moreover, a #5 header who has proven to struggle, but would be too dominant as a #4, would be reclassified as a #4.5. Therefore, ropers can move up to a half (.5) status or down to a half (.5) status. The classification categories for Headers will be as follows: #1, #2, #3, #3.5, #4, #4.5, #5, #5.5, #6, #6.5, #7, #7.5, #8, and #9.

Heelers classified as a TRIAD #3 through to TRIAD #9 will be eligible to receive a half (.5) classification. For example, a #6 heeler who has proven to have a competitive advantage will be reclassified as a #6.5. Moreover a #6 heeler who has proven to struggle, but would be too dominant as a #5, would be reclassified as a #5.5. Therefore, ropers can move up to a half (.5) status or down to a half (.5) status. The classification categories for Heelers will be as follows: #1, #2, #3, #3.5, #4, #4.5, #5, #5.5, #6, #6.5, #7, #7.5, #8, #8.5, #9, #9.5 and #10.

The effect of the half (.5) system will further level the playing field by preventing two half (.5) ropers from partnering together unless they give up a division. For example, a #5.5 header won't be allowed to enter the #10 division with a #5.5 heeler. Instead, they will have to enter the #11 division. However, a #5.5 header will be allowed to enter the #10 division with a #5 heeler. In other words, the sum of your classification and your partner's classification determines the division you are eligible to enter unless BOTH ropers are classified as a half (.5) roper. This procedure will more closely define the calibre of each roping division.

CLASSIFICATION CAPS & FLOORS

The use of a “Cap” i.e., capping a roping in an effort to eliminate participation of higher classified ropers, and a “Floor” i.e., establishing a minimum handicap requirement for ropers entering any specific division will be in use as a means by which to further define the calibre of ropers that are eligible to compete in a given roping.

CLASSIFICATION SLIDES

To make a roping more competitive a “slide” is added to team’s time based on the individual header / heeler ratings. A Slide Roping is open for any numbered team to enter. Members may only enter with the same partner once however they are permitted to swap ends with the same partner.

You can run whatever number slide roping, but a #10 Slide is being used as an example

- 1.5 seconds ADDED to the average timefor each number ABOVE a #10 team
- 1.5 seconds SUBTRACTED from the average timefor each number BELOW a #10 team (E.g., #11.5 team will get 1.5 seconds added to the average time & a #7 team would get 4.5 seconds subtracted from the average time)
- You may want to include a maximum handicap 4.5 seconds either way.

ATRA NATIONAL & REGIONAL POINTS WILL BE ALLOCATED FROM A SLIDE ROPING

Numbered events points within the slide are treated the same way as incentives would be (Eg. #13, #9 & #7 Team Roping events would get points 10-1)

FIRST TIME CLASSIFICATION

First time applicants are encouraged to seek first time classification recommendations from references such as promoters, instructors or well-known ropers within their area when applying. Upon receipt of applications from first-time applicants, which are not accompanied with references, ropers will receive a temporary classification, which will allow them to be classified based on input from his/her roping peers.

First-time classifications are deemed to be temporary until performance data is obtained. Any temporary classification number is subject to change or be corrected by the ATRA in the event of an inaccurate first-time determination.

APPEALS

To be eligible for an appeal, the roper must meet one of the following requirements:

- a) Performance profile suggests the roper is struggling to compete.
- b) No current performance data on file.
- c) The roper has a medical condition that affects their ability to compete (must provide medical records and a doctor’s release)
- d) Believes they have been incorrectly classified

If a roper meets the above requirements, he/she will need to complete the online Classification Review form.

The review will be determined on performance information gathered by the Classification officer to complete the process. If an appeal is granted to lower a roper’s classification and the result of doing so allows the roper to become dominant, the ATRA retains the right to immediately return the roper to the previous classification.

INTERIM CHANGES

Final judgment in all classification disputes shall rest with the ATRA. The ATRA reserves the right to change the classifications of ropers anytime throughout the year, where by performance data suggests the roper is miss-classified, or where by the roper exhibits a dominance or clear advantage at the assigned classification or for punitive reasons of the ATRA rules. An ATRA representative will notify members of changes to their classification number by email, phone, text message or in person.

PROMOTERS USE OF ATRA CLASSIFICATION SYSTEM

(Non-ATRA roping) Any roping promoters may use the ATRA classification system by advertising that ropers must produce a current membership card to receive their winnings. If they do not have a card or the sum of the teams’ classifications do not fit the division entered, the team forfeits winnings and entry fees. If an unclassified roper enters a roping advertising ATRA numbers, the promoter has the prerogative to assign a temporary number. If for any reason a roper does not have a current ATRA card, including those requesting temporary numbers, the promoter is requested

to hold all winnings and verify classifications with the ATRA, then if verified, mail winnings to ropers (ATRA will verify classifications for non-members only once).

If the roping promoter, who advertises ATRA classification, takes it upon themselves to lower a classification number, ATRA will still hold the roper responsible for using the wrong classification. Use of the system obliges the promoter to advise ATRA of any incorrectly classified ropers, high or low, that attend their roping. In the event that a promoter abuses the use of the system by advertising its use then not using it correctly, or abusing it, they shall be notified to cease and desist.

CLASSIFICATION BOARD

The Classification Board is a group of individuals developed in each state with the purpose of providing objective feedback on the ability levels of ropers in their area. The groups of individuals that make up the Classification Board are selected in two (2) ways:

1. Some are asked by the ATRA to serve, based on their sound reputation within the roping community, their integrity, and their familiarity with the ATRA classification system.
2. Others are nominated and selected from current ATRA members.

The Classification Board is managed by one (1) key person appointed by the Board of Directors.

MEMBERSHIP

MEMBERSHIP REQUIREMENT

Participation in an ATRA event requires being a Full Financial Member or Event Member of the ATRA. A roper must be able to show proof of current ATRA membership when asked or have submitted a First Time Membership, Membership Renewal or Event Membership application with entries. Ropers will be permitted to purchase their First Time or Renewal Memberships anytime during the year. Membership can be purchased at event offices or through Head Office. The membership year runs from the 1st July to the 30th June each year.

Participation in an ATRA event by a roper who does not have a current ATRA membership or has not submitted a First Time Membership, Membership Renewal or Event membership application as specified, will result in disqualification of the roper and ropers' teammate. The member of a disqualified team, which had a current membership, shall be entitled to receive a refund of his or her entry fees. The disqualified roper that is not current shall not receive a refund of entry fees and neither member of a disqualified team is eligible for any prize or winnings. The disqualified roper may face disciplinary action decided by the Board of Directors.

By entering an ATRA event, the roper is representing that he or she is compliant with the membership requirements and will compete under the ATRA Rules. Acceptance of an entry by the ATRA or its promoters shall not constitute a waiver of the requirement set forth in this rule. Membership fees will not be refunded as a result of classification or rule disagreements.

Promoters have the option to stipulate only Full ATRA Members can compete at their event. This will need to be advertised on all advertising at least fourteen (14) days prior to the event.

SENIOR MEMBERSHIP

Senior membership is \$176.00 this is effective from payment and will expire on the 30th of June each year.

- The National Finals is a clean slate. Points awarded throughout the season do not carry through to the National Finals. High Point Champions are decided after the last jackpot is run in June each year.

ATRA AFFILIATED ROPINGS

AFFILIATED ROPING JACKPOT EVENTS

ATRA affiliates two types of roping throughout the Australasian region with regards to the entry procedures, On-Site Entry and Pre-Entry. On-Site Entry ropings are those ropings where ropers may enter at the event, prior to the start of the roping they wish to enter. Promoters may require "Cash Only" at On-Site Entry ropings. Some Pre-Entry ropings require entries to be made prior to the event and some allow payment at the event.

All affiliated roping jackpot events guarantee Regional and High Point allocations and Australasian Finals spots.

Affiliated ropings will follow set formats and will reflect the ATRA philosophy of limited entry and leveraged payouts.

To participate in an ATRA affiliated event, each roper must be able to show proof of current ATRA membership or application with membership fee. Promoters have the option to stipulate only FULL ATRA Members can compete at their event. This will be advertised on all advertising at least fourteen (14) days prior to the event.

Ropers will be permitted to purchase their membership any time prior to the start of the roping in which they are entered. Participation in the event by a roper who does not have a current ATRA membership or has not submitted an application for membership, event membership or membership renewal of a membership that has expired prior to an event, will result in disqualification of the roper and the roper's partner. No member of a disqualified team shall be entitled to receive and prize or winnings, however, the member of the disqualified team that has a current membership shall be entitled to a refund of entry fee. The member of the disqualified team without a current membership shall not be entitled to receive a refund of his/her entry fee. By submitting an entry for an event, the roper is representing that he/she is compliance with this rule. Acceptance of entry form for this event by ATRA shall not constitute a waiver of the requirement set forth in this rule.

PAYMENT OF FEES

Team Ropers may pay with a personal cheque for entry, however, the promoter may require "cash only" from ropers at certain events. Cheques will not be accepted from ropers that have previously written bad cheques. Membership fees can be made with personal cheques made payable to ATRA and given to the promoter of the event to mail to Head Office along with the membership application or membership renewals forms.

Promoters will be allowed to take late entries at any qualification roping provided:

1. Each team pays a \$10 late fee, for each time a team enters late.
2. The promoter has discretion in placing incomplete entries at the end to avoid creating a special rotation; and
3. The entry information and associated late fees must be turned over to the ATRA representative or Head Office within seven (7) days following the roping.

LATE FEES

Any team entering late will be required to pay a \$10 late fee. Late fees are non-refundable, even in the event of a draw-out.

ENTERING WITH SAME PARTNER

Ropers cannot enter the same division at an event with the same partner more than once however they are permitted to swap ends with the same partner.

ON SITE ENTRIES (on the day) DRAW-OUT & REPLACEMENT

Any team may draw-out of any event with notice prior to the start of that event with no draw out charge. A draw-out message may be left on the answering machine at the roping promoter's office. If no notice is provided, then the entry fees are forfeited to the roping pot. If an individual team roper draws out, the roper's entered with him may draw out or replace the partner. If a team roper's partner fails to notify ATRA or the roping promoter of a draw-out and does not appear prior to first go-round of a competition, the roper entered with him may get a substitute partner or draw out of the competition. If a substitute team roper is replacing a roper who has a doctor or vet release or has been officially drawn out, the replacement will be required to pay entry fees, but no late fees.

PRE-ENTRY EVENT - DRAW-OUT & REPLACEMENT

No pre-entry event draw-outs unless the member produces Vet or Doctors statement stating that the member or horse is unfit to compete, all other draw out entry fees will be forfeited and invoiced if unpaid. If an individual team

roper draws out, the roper's entered with him may draw out with refund or replace the partner. If a team roper's partner fails to notify the promoters office of a draw-out and does not appear prior to first go-round of a competition, the roper entered with him may get a substitute partner or draw out of the competition. If a substitute team roper is replacing a roper who has a doctor or vet release or has been officially drawn out, the replacement will be required to pay entry fees, but no late fees.

MEDICAL / EMERGENCY DRAW-OUT PART WAY THROUGH A COMPETITION

A medical / emergency can relate to a competing roper, their family, or their horse. If there is a Medical / Emergency draw out part way through a competition, entries will be non-refundable, and the roper's entered with him/her may get a substitute partner of equal rating. The substitute partner will not be required to pay entry fees and will not be entitled to prizemoney, points, and finals spots. Prizemoney, points, and finals spots will be awarded to the original team entered and if no substitute partner is found the team may still place on runs already taken.

AFFILIATE ROPINGS

These roping's are not Affiliated ATRA roping's. Affiliate roping's are local roping's where promoters have made a commitment to members of the ATRA to use the ATRA handicap system and make a contribution to the Australasian National Finals Funds. The ATRA, for its part, is providing an avenue for ropers to participate at the Australasian National Finals by way of the winning Finals spots at these roping's. The ATRA has no control on how these roping is run or what formats are used.

AFFILIATE DISCLAIMER

These team-roping events will be awarded to reputable and professional promoters on a case-by-case basis. Although affiliate promoters are selected based on their reputations and scheduled availability, affiliates are not required to completely follow ATRA Rules and standards. The ATRA will sign agreements with promoters that make an effort to run above average operations but assumes NO responsibility for quality of affiliate operations. Affiliate status may be withdrawn if ATRA members point out specific ethical or other violations.

ATRA POINTS SYSTEM

An electronic timer and barrier must be used at all Double and Triple point jackpots.

POINTS SYSTEM

Points allocated 10-1 for 1st to 10th placings for standard ATRA events.

Points allocated 20-2 for 1st to 10th placings for events that post \$500-\$1,000 in prize money and/or five (5) head.

Points allocated 30-3 for 1st to 10th placings for events that post \$1,000 and above in prize money and/or ten (10) head.

All Team Roping events with twenty (20) or more teams or twenty (20) or more competitors in Breakaway roping and Barrel racing events are allocated extra bonus points (single points multiplied 1.5 times) (i.e., 15 points for 1st place, through to 1.5 points for 10th place).

If a tie occurs for a High Point title (National or Regional), a count back will be conducted to ascertain which competitor gained the most 1st Placings in the respective event; if there is still a tie, a countback will be conducted to ascertain which competitor gained the most 2nd Placings in the respect event; and so on.

DOUBLE AND TRIPLE POINTS ROPINGS

Promoters are only eligible to run two (2) double or triple points events per number, per point's year. These do not have to be consecutive events and the promoter can nominate what dates they wish to apply their quota of two (2) per #Roping. If the promoter does not want the bonus points applied to consecutive events (e.g., have 6 x 5 head event dates, wanting the 2nd date and 4th date to have the bonus points applied & advertised) then they are required to book their dates in advance in order to commit to their quota and to give members sufficient advanced notice on what dates will have bonus points applied or not.

At all five (5) head and above team roping events, all ropers must be given 80% of their cattle for it to be eligible for bonus points.

Australasian Team Roping Association

Double and triple points are also eligible for breakaway roping, barrel racing, rope & tie or steer wrestling events if prize money is posted. \$500 or under \$999 1st to 10th place receives double points (20-2) and \$1000+ 1st to 10th place receives triple points (30-3).

- 13-17 years Junior Barrel Race
- Rope & Tie Contest
- Steer Wrestling

TEAM ROPING RULES

LOOPS

Only two (2) loops per team shall be allowed. Roping steers without turning loose the loop will be considered no catch. Roper must dally to stop steer. If steer is roped by one (1) horn, roper is not allowed to ride up and remove loop or put loop over other horn or head with his hands.

LEGAL CATCHES

There are only three (3) legal head catches:

1. Around both horns.
2. Half a head.
3. Around the neck.

If Honda passes over one horn and the loop over the other, catch is illegal. If a loop crosses itself in a head catch, it is illegal. This does not include heel catches. Any heel catches behind both shoulders is legal if rope goes up heels. All bridle catches are considered illegal.

QUESTIONED CATCH

Any questioned catches will be decided by the judges. If a field judge tells the header to hold the steer so the flagger may inspect the head catch, and the header does not do so, the team may receive a no-time.

TIME TAKEN

Time will be taken when the steer is roped, secure between both partners, both horses are facing steer with ropes dallyed and tight. Horses' front feet must be on the ground and ropers must be mounted when time is taken. Steer must be standing up when roped by head or heels.

Time is taken when flag is dropped however, that time is not official until indication is given by flagger or field judge to the timer or secretary. Flagger may flag a team out after time is taken on a run, based on an illegal head catch or illegal heel catch, steer was not secure or any other factor that was not clear when time was taken.

TIE ON RULE

Any heeler fifty (50) years or older may tie on regardless of classification number. Ladies who heel may tie on. Under no circumstances will any header be permitted to tie on. ATRA reserves the right to grant special tie-on permission.

Children twelve (12) years or younger may NOT tie on. ***It is illegal to dally over the top of a tied-on rope or tie-on device, the result is an automatic disqualification.*** ATRA encourages tie on ropers to use a quick release device for tied on ropes.

As of 1st July 2016, it is **compulsory** that all competitors must use a Tie-on device approved by the ATRA Board of Directors.

CROSSFIRE

The header must have control of the steers head and the steers head must be bent before the heeler can legally deliver his or her rope. In other words, the heeler may rope the steer in the switch, but not before. Any heel loop delivered before the switch is considered a crossfire and illegal. In the instance where a steer sets up, at no fault of the roper, the heel loop can be thrown at any time once the header has control of the steer.

HEELER ROPES FRONT FOOT

If the heeler ropes a front foot or feet in the heel loop, this is a foul catch. Should the front foot or feet come out of the heel loop prior to the team calling for time, the time will be counted. Judge will not allow any extra time for a front leg to come free.

HEADER ROPES ANY LEG

Should a header rope any leg, it is an automatic no time. Under no circumstance will the header be allowed to fish out the leg.

OPTION TO NOT DALLY

#7 heeling competitors can opt to not dally by notifying the flag judge prior to their run and they will then receive a five (5) second penalty. This option is not available in the #9 #11, #13 & Open Team Roping events.

DROPPED ROPE

A dropped rope that must be recoiled is considered a thrown rope.

ARENA CLEAR

Should a team call for a steer before the arena is clear and are subsequently interfered with by the steer or team still in the arena, this will not be recognized as interference, and they shall NOT receive a rerun.

OPEN OR CLOSED ARENA

It is the decision of the Promoter whether the catch pen is open or closed during a roping event.

ELECTRONIC TIMER MALFUNCTION

In the team roping there will be no back up timer. If there is a malfunction of timers:

1. Clean run will be nine (9) seconds.

2. One leg will be fourteen (14) seconds.
3. Option of a re-run. This must be confirmed prior to leaving the arena.

TIME LIMIT

There will be a thirty (30) second plus penalties time limit for all Team Roping events.

#6 (#3 CAP) MACHINE ROPING RULES

The #6 (#3 Cap) Machine Team Roping event shall be introduced as the ONLY numbered roping to be conducted with a Machine. Ropers classified as an Elite #3 CANNOT enter the #6 Machine Roping. All other numbered roping's are to be conducted on live cattle.

1. The team's run will commence when both partners are standing in the box area.
2. The Machine Operator shall start upon the nod of the Header.
3. It is recommended that the Machine Operator stops in front of the box and will commence movement once the Header nods to start the run.
4. Time will commence at the discretion of the event setup (manual or electronic).
5. The Header will rope the head and pull the slack out of the head loop and is not required to dally.
6. The Machine will be turned off when the slack is pulled out of the head loop.
7. The Heeler will rope the heels and pull slack.

CENTURY TEAM ROPING RULES

A Century team is made up of any two (2) competitors whose combined age totals one hundred (100) years or more. Teams can be any classification number. Any heeler fifty (50) years or older may tie on regardless of classification number. Under no circumstances will any header be permitted to tie on.

The Century Roping is an ATRA National Event with National & Finals buckles being awarded to the Champions. Individual regions can choose to run Century roping's and award Regional Buckles. You do not need to win spots to compete in the Century Team Roping at the National Finals.

ALL GIRLS TEAM ROPING RULES

All Girls teams are made up of any two (2) female competitors regardless of their classification number. Any heeler fifty (50) years or older may tie on regardless of classification number. Ladies who heel may tie on. Under no circumstances will any header be permitted to tie on. ATRA reserves the right to grant special tie-on permission. As of 1st July 2016, the All-Girls Team Roping is an ATRA National Event with National & Finals buckles being awarded to the Champions. Individual regions can choose to run All Girls Team Roping and award Regional Buckles. You do not need to win spots to compete in the All-Girls Team Roping at the National Finals.

PRO AM TEAM ROPING RULES

The Pro-Am Team Roping is introduced to allow Amateur Ropers to compete with higher numbered Ropers (Professionals) in a safe environment.

This event can be conducted on roping machine or suitable LIVE cattle or both. Emphasis should be placed on the suitability of the cattle, and this event should NOT be run on live cattle if the cattle are not suitable for a #3 header to handle.

For this event the following criteria will apply.

Ropers classified #3.5 and Under will be considered an "Amateur"

Roper's Classified #4.5 and Over will be considered a "Professional"

For the guidelines on a roping machine - #6's Roping rules apply.

For "Live" cattle – normal team roping rules apply with the exception of the following:

1. Only the Amateur pays an entry fee and receives prizemoney.
2. Headers must dally.
3. The Amateur heeler will not be required to dally. The time shall be taken when heeler has pulled slack high. A 5 second penalty shall be enforced for all no-dally runs.

4. Pro heelers must dally on heels.
5. No tie-on devices shall be allowed by either amateur or professional.

The Pro Am is NOT an ATRA Affiliated event, therefore only the \$3 levies are paid to Head Office the same as other non-affiliated events.

These are only Guidelines set for this event by the Board of Directors and can be changed by the Promoter to suit the region as long as the event is always run in a safe & fair manner in accordance with the ATRA Rule Book.

JUNIOR LOOPER ROPING RULES

The Junior Looper Program is a free program put together for the youth of the sport of team roping. The promoter of the roping will ensure to the best of their ability that the event is conducted fairly. Please comply with the requests and suggestions of the promoter of the event. Junior Looper parents are advised to watch, but not participate.

There are no National points tallied or National High Point awards for Junior Looper events nor do spots have to be won to compete in the Junior Looper at the National Finals.

1. Ropers will enter as a **TEAM**. A Team will consist of a Header and a Heeler.
2. Contestants with a classification of #2 or less are eligible to compete.
3. **Age Groups:** as of the day of the roping:
 - a. 7 years & Under
 - b. 8 years & Under 13 years (but not higher than a #2 classification)
4. **Go Rounds:** Juniors can enter up to three (3) times heading or heeling with different partners. Each team gets three (3) opportunities at making a catch on the dummy.
5. **Legal Catches:**
 - a. Head Catch: There will only be three (3) legal head catches: around the horns, half head or around the neck. Each roper has five (5) seconds from when the rope is thrown to complete the catch, or it will be considered a missed attempt. Fishing is only allowed from behind the roping line. Fishing is defined as not immediately pulling the slack after the throw of the rope. The judges' decision will be final.
 - b. Heel Catch: As per ATRA Team Roping Rules
6. **Illegal Catches:**
 - a. Head Catch: A catch when the rope is not in contact with any part of the dummy head is considered an illegal head catch (i.e., roping the entire dummy).
7. **Tie Breaker:** Ties will be broken by the team with the most points. Any ties remaining after the points are considered, there will be a rope off.
8. **Points:** A record will be kept on each catch. Points will be added together from header and heeler over the three (3) rounds to decide a winner.
 - a. Horn Catch: two (2) points
 - b. Half Head Catch: one (1) point
 - c. Neck Catch: one (1) point
 - d. 2 Heels: two (2) points
 - e. 1 Heel: one (1) point
9. **Foul:** Stepping over or on the barrier line before the try is completed and will be considered a missed try.
10. **Disqualification:** A ropers name will be called three (3) times. If after three (3) calls the roper is not on the barrier line and ready to rope, he or she will be disqualified from the competition.
11. **Winner:** The team with the most points at the end of the competition will be declared the winners in each age group. In the case of tie break where teams are equal on points, they are to rope it off until one team wins by "sudden death". The header will take a step back from the line each time they take a shot until there is a winner.
12. **Regional Points:** Regional Points to be taken from the top five (5) teams and awarded five (5) points down the one (1) point. Regional Points should be kept by someone selected from the region. It is up to the promoter what they want to do with prizes or money but there will be no entry fee put on these events.

BARREL RACING RULES

1. Competitors may go either to the right or left barrel first but must take one right and two left turns or one left and two right turns.
2. A contestant will be given a "no time" for knocking over a barrel. Touching a barrel, including to keep it from falling, is permitted without penalty. Competitors will be disqualified for not following the correct pattern (i.e. crosses their track during the run) or not being ready when name is called. A contestant is disqualified if they cross the start/finish line without completing the correct pattern.
3. A "no time" will also be given if a barrel is knocked over and it sets up again on either end.
4. A Contestant will be given a "no time" if the horse or rider falls during the run in such a manner as to break the pattern, or if the rider falls off the horse.
5. The starting and finishing line and the position for the barrels must be marked permanently for the entire event if it is run over more than one run. The horse's nose will be marked as it passed the score line both ways.
6. The starting and finishing line must be in line with the first and second drums.
7. Should for any reason the barrels not be placed on the markers or timers are not in correct position, the whole event must be re-run, with everything in order. Judges must make the decision that the barrels are not on correct markers at time of event before barrels are moved from position. Should this happen, competitors and judges should be notified, then judges and arena directors will set time for re-run.
8. Contestants must be able to ride unassisted from the timeline in the junior or open barrel races except for the Tiny Tots Under 7 lead event
9. Drums must be 44-gallon size (empty) and have at least one end enclosed. Closed end to be at top.
10. If a competitor desires to withdraw for any reason e.g., veterinary certificate the decision will be left to the discretion of the judges.
11. Any member of the association who does not follow the above rules is liable to a fine, suspension or both.
12. Timers are to be informed that clocks are not to be stopped until a girl has completed the course or in the event of an accident.
13. A five (5) second difference between clocks, competitors to have option of re-run. Only if a clear round is run.
14. Hats must be cleared from arena before next run.
15. Hitting horse around head or excessive use of whip and/or over and under in barrel race competition will result in disqualification for the duration of the competition. Ruled by judges. There will be no refund of entry fees. Further disciplinary action may be taken by the executive in the form of a fine.
16. More than two whips between barrels and four whips coming home or more than two contacts between barrels and four contacts coming home with an over and under will result in disqualification. To be ruled by judge. Once entered the arena box, two whips or contacts with an under and over action are allowed going to the first drum. Exceeding this will result in disqualification.
17. If the electric eye fails to work for more than one half of the contest in an entire go-round, the backup (manual) recorded times will be the official times for all contestants in that go round. When manual clocks are used the times should be to the hundredth of a second.
18. When the electric timers are in use in the ladies and junior barrel races, that 5 digits are to be written down on judges' sheet by timers/judges e.g., 17.312 not 17.31 (to the third decimal place).
19. A backup timer is optional. If there is a timer malfunction:
 - a. The backup timer shall prevail.
 - b. If there is no back up timer available, the competitor shall be entitled to a re-run.
20. One revolution, one roll back, tail turn is permitted to start a pattern. The time event box is not part of the arena in the barrel race.
21. Trade outs will only be deemed available if justified by both judges. Signatures of both judges to be on judges' sheets.
22. At Regional and Australasian Finals, the arena must be raked/dragged after fifteen (15) runs. All ATRA affiliated Barrel Races be encouraged to do the same.
23. Where a full course can be fitted in the arena it must be marked but not exceed maximum measurements. Record attempt – to record an official record, measurements, rules, equipment etc. must be checked and confirmed in order by both judges and/or officials.
24. Full course barrel racing measurements see APRA Rule Book.
25. No exhibition barrel races can be conducted during the team roping allocated time.
26. Junior barrel racers are only permitted one run in their barrel race age group and points are not cumulative as a horse and rider combination.

27. Junior barrel race age group are the following:

- a. 7 and Under
- b. 8 & under 13 years
- c. 13 & under 18 years (a 17-year-old cannot turn 18 within the membership year)

All junior members (under the age of 18 years of age) that being the 7 and under, 8 and under 13 and 13 and under 18 age groups, must participate in the correct age groups (i.e., A junior competitor that pays membership in July and is 7 years of age, but is turning 8 within that membership year they must compete in the 8 and under 13 age group for that financial year).

Note: for further clarification of Barrel Racing rules please refer to the APRA Rule Book.

DIVISIONAL BARREL RACING RULES

1. ONE RUN

Each horse is run once, and the placing's within each division are worked out, based on the divisional splits.

1st Division – Fastest time in the class and those who place in this division

2nd Division – Fastest time in the class plus one second and those who place in this division

3rd Division – Fastest time in the class plus two & half seconds and those who place in this division.

i.e., 15.599/ 16.599 /18.099 / 20.099

A contestant will be given a "no time" for knocking over a barrel.

2. TWO RUNS

When running the event over two (2) runs, the two (2) times will be added together, and the divisions will double the splits between divisions.

1st Division – Fastest time in the class and those who place in this division

2nd Division – Fastest time in the class plus two second and those who place in this division

3rd Division – Fastest time in the class plus five seconds and those who place in this division.

i.e., 15.599/ 17.599 /20.599

A contestant will be given a "no time" for knocking over a barrel. If a competitor does not complete two (2) runs they will be placed at the bottom of the last division and points awarded accordingly.

3. THREE RUNS

When running the event over three (3) runs, the three (3) times will be added together, and the divisions will triple the splits between divisions.

1st Division – Fastest time in the class and those who place in this division

2nd Division – Fastest time in the class plus three second and those who place in this division

3rd Division – Fastest time in the class plus seven and a half seconds and those who place in this division.

i.e., 15.599/ 18.599 /26.099

A contestant will be given a "no time" for knocking over a barrel. If a competitor does not complete three (3) runs they will be placed at the bottom of the last division and points awarded accordingly.

4. NO DIVISIONS (OPEN) BARREL RACE

If the promoter chooses to have a simple 'open' barrel race, then it is run as an open event, with points still being given to the horses only, and these points when sent to head office, will be counted as first division points only. Any open points sent in will be counted as First Division points for End of Year awards.

5. JUNIORS

Age groups are to be as follows for junior members. Junior events will be run as per an open barrel race with no divisions within each age group. A contestant will be given a "no time" for knocking over a barrel.

6. POINTS

7 and under (tiny tots) – Points will be awarded on rider points with only one run per child being allowed. either assisted or unassisted.

8-12 and 13-17 age groups – Points will be awarded on rider points with only one run per child being allowed.

3D – Points will be awarded to the horse. The horse's name must be provided at every jackpot.

7. DIVISIONAL GUIDELINES

1st Division – Fastest time in the class and those who place in this division

2nd Division – Fastest time in the class plus one second and those who place in this division

3rd Division – Fastest time in the class plus two & half seconds and those who place in this division.

i.e. 15.599/ 16.599 /18.099 / 20.099

8. PAYOUT RECOMMENDATIONS:

This system is recommended to ensure all events Australia Wide are on the same prize money breakdown scale.

If a 2 Division is run the 1st Div pays out 60% of total prizemoney

2nd Div pays out 40% of total prizemoney

If a 3 Division is run the 1st Div pays out 50% of total prizemoney

2nd Div pays out 30% of total prizemoney

3rd Div pays out 20% of total prizemoney

Divisions can then be paid out on the general rule of 40/30/20/10 as long as last place pays back the entry fee.

For all Junior barrel races the percentage payout is recommended at 50%, 30%, 20%.

LADIES BREAKAWAY ROPING RULES

1. Animals for this event should be inspected and objectionable ones eliminated.
2. One rope to be used. Roping head of stock without releasing loop from hand is not permitted.

10. Minimum weight for all stock in Victoria and South Australia is 200KG.
11. Individual State Animal Welfare Legislation takes precedence where there is a discrepancy with the industry rules. See links to State Legislation on the ATRA Website.

RULES TO ENSURE HUMANE TREATMENT OF LIVESTOCK

1. A neck rope on a contestant's horse must be used in the rope and tie event. The placement of such a neck rope must be in the vicinity from the head, to no more than half-way down the roping horse's neck. Neck rope, rope, reins, and training aids must be adjusted in a manner that will prevent the horse from dragging the stock. Rope to be removed from animal's body as soon as possible after 'tie' is completed. Roping stock shall weigh at least 220 lbs (100 kgs) each and be strong and healthy.
2. The placing of fingers in eyes, lips or nose of steers while wrestling steer, or unnecessarily rough handling of stock after time is forbidden. Fine or disqualification may be imposed.
3. Animals for all events will be inspected before the draw, and no sore, lame, sick, or injured animal, or animals with defective eyesight shall be permitted in the draw at any time. Should an animal become sick or injured between the time of inspection and prior to the commencement of an event, that animal shall not be used in competition. An official veterinarian should be available at all events where possible.
4. No animal shall be beaten, mutilated or cruelly prodded. Standard electric prods shall be used as little as possible. Animal shall be touched only on the hip or shoulder area with prod.
5. A conveyance must be available and used, if possible, to remove animals from arena in case of injury.
6. No stimulate or hypnotics to be used or given to any animal used for contest purposes.
7. No animal or pets allowed in arena where restraint is necessary or subject to injury or attack by another animal.
8. Livestock to be removed from arena after completion of each contest run.
9. Use of fireworks to frighten animals is prohibited.
10. Contestant will be disqualified for any mistreatment of livestock.
11. No stock should be confined in vehicles beyond a period of twenty-eight (28) hours without being unloaded, properly fed, and watered. When animals are carried in conveyances in which they do have proper food, water, space and opportunity to rest, the provision for unloading shall not apply.

12. Any animal that becomes excessively excited so that it gets down in the time event box repeatedly, or in any way appears to be in danger of injuring itself, should be released immediately.
13. Any ATRA member, including stock contractors, guilty of mistreatment of livestock may be fined by the Board of Directors with a fine not to exceed \$500.00.
14. The ATRA recognises the R.S.P.C.A., Animal Welfare Advisory Council and/or any Government body as the sole authorities for the humane treatment of animals in Australia.
15. In the rope & tie event, an approved roping device must be used by contestants at all ATRA affiliated events. Failure to do so could result in a \$2000 fine or twelve months jail or both. The only roping device to be used Ropers Mate Calf Roping Device (Part #8700544).
16. Any member who mistreats livestock at events will be fined \$100.00 on the first offence, \$300 on the second offence and \$600 plus 3 months suspension on the third offence. Each offence will remain on record for a 3-year period. The Board has the power to increase the fines and suspensions at their discretion.
17. Persons found guilty of twisting or bending the tail of timed event stock will be fined \$100 on the first offence. The penalty for repeat offenders will be determined by the Board of Directors and may include fines and/or suspension.
18. Timed event contractors are only permitted to use an electric prodder defined for use under relevant State or Territory Legislation. A prodder can only be utilised by the approved contractor/sub-contractor at each event who will be held responsible for any misuse. This relates to all handling of timed event stock at an event. Government regulations in each state must also be complied with. A first offence breach of this rule carries a fine of \$500 to the approved stock contractor. A second offence breach will be referred to the ATRA Board of Directors.

LIVESTOCK

1. If the steer is visibly injured as the run begins, including broken horn, the team must declare themselves by pulling up immediately.
2. If in the opinion of the judge a non-visible broken horn existed prior to the beginning of a run, he has the option to declare a rerun. However, no rerun shall be awarded where clearly the broken horn was caused by the run itself, or if the judge suspects the broken horn occurred during the run. If run is completed and time taken, even though a broken horn is clearly visible, time shall stand, and field judge will remove that animal from the draw.
3. Team roping cattle horn length to be a minimum of six (6) inches.
4. Pen should be even and uniform and fall within state animal welfare guidelines.
5. ATRA, or ATRA official(s) or representatives, reserve the right to withdraw any steer from the herd at any time. Head duckers, draggers, stoppers, eliminators, unusually slow cattle and cattle that turn back into the corners shall be pulled from the herd immediately as they surface during the ATRA qualification roping.
6. Removal from draw does not result in a rerun for the team roping a steer removed from the herd. However, a rerun may be awarded if in the opinion of the promoter supported by the opinion of the field judge and/or officials working the roping, that a steer in question did not afford a team the opportunity to compete.
7. The promoter prior to the first event will inspect Steers. No sore, lame, sick or injured animals or animals with defective eyesight shall be permitted in the draw at any time. Should an animal become sick or crippled during the course of the roping, that animal shall be removed from the competition immediately. Animals removed from the arena pursuant to this section shall be placed in a situation as isolated and comfortable as possible to reduce stress.
8. If an ATRA roper excessively abuses an animal by any unnecessary non-competitive or competitive action, he shall be disqualified and forfeit all entry fees. The judge shall immediately inform the announcer that the contestant has been disqualified due to the unnecessary roughness of livestock.
9. All Steers will have horn wraps, which offer protection for both the steer's ears, and the base of the horns.
10. ATRA strongly discourage the use of 3/8 scant ropes.
11. Any contestant who fails to heed an initial warning from a field flagger that he is mistreating an animal will forfeit his entry fees in all divisions for the remainder of that event.
12. Judge may stop a run at any time he observes an injured animal, to remove that animal from competition, this action will result in a rerun for contestants.

CONDUCT RESTRICTIONS AND DISCIPLINARY ACTION

Any member may be subject to reprimand, fine, suspension or expulsion, by action of the ATRA Board of Directors. Writing a bad cheque made payable to the ATRA., an event secretary, stock contractor, or event committee in conjunction with an ATRA event, or any such cheque to any business establishment in the town of and during the time of an ATRA event. ACTION: A fine of \$25 per cheque, plus a bond of \$200 to be held, for one year. If three or more bad cheques passed in one year, bond is forfeited. A returned cheque received in the ATRA office will mean ineligibility to enter any ATRA approved event. To regain eligibility, the face value of the cheque, the bank charge, and the fine and bond must be paid in full.

Failure to reimburse the ATRA Promoter of the event for overpayment of prize money. ACTION: Member to be notified in writing and allowed twenty-eight days to pay. Fine to be \$25 plus overpayment.

Failure of a contract member to fulfil his or her contract obligations. ACTION A fine of \$100.

Stallions will be allowed to be unrestrained in panel yards through daylight hours ONLY. Only 1 horse is allowed per enclosure. Stallions must be double tied at night. Panels must be a minimum of 1500mm in height. Panels must be constructed using an equivalent of 4 bars of 25mm box or pipe equivalent as a minimum. Panels must be anchored securely to a solid object i.e., truck, post or tree.

SOCIAL MEDIA POLICY

This policy provides guidance for Members use of social media, which should be broadly understood for purposes of this policy to include blogs, wikis, microblogs, message boards, chat rooms, electronic newsletters, online forums, social networking sites, and other sites and services that permit users to share information with others in a contemporaneous manner.

PROCEDURES

The following principles apply to professional use of social media on behalf of the Australasian Team Roping Association as well as personal use of social media when referencing the ATRA.

1. Members need to know and adhere to the [ATRA Code of Conduct practises, and other company policies] when using social media in reference to the ATRA.
2. Members should be aware of the effect that their actions may have on their images, as well as the ATRA's image. The information that members post or publish may be public information for a long time.
3. Members should be aware that the ATRA may observe content and information made available by members through social media. Members should use their best judgement in posting material that is neither inappropriate nor harmful to the ATRA and its employees, or members.
4. Although not an exclusive list, some specific examples of prohibited social media conduct include posting commentary, content, or images that are defamatory, pornographic, proprietary, harassing or libellous.
5. Social media networks, blogs and other types of online content sometimes generate press and media attention of legal questions. Members should refer these enquiries to authorised ATRA spokespersons.
6. If members find or encounter a situation while using social media that threatens to become antagonistic, they should disengage from the dialogue in a polite manner and seek the advice of Head Office.
7. Members should get appropriate permission before referring to or posting images of current or former employees, members, vendors, or suppliers. Additionally, members should get appropriate permission to use a third party's copyrights, copyrighted material, trademarks, service marks or other intellectual property.

OFFENCES

BAD DEBTS

Bad cheques made payable or declined credit cards to the ATRA or ATRA promoters holding an official ATRA event will result in immediate ineligibility. A collection fee will be charged for each returned cheque, a cheque or credit card that goes uncollected beyond six (6) months will pay \$50 per year collection fee or double the amount of the cheque, whichever is the least. Non-payment shall result in punitive action, which may include ineligibility to compete, classifications number increase, awarded finals spots being voided and/or legal action. Ropers that have competed on entry fees paid with a bad cheque or declined credit card are responsible for the debt, regardless of who made the payment.

DRESS CODE

Ropers must wear a cowboy hat or no hat. Caps are not permitted nor are they permitted to be tied on or attached in any way during the course of the run. Cowboy attire required, which includes shirts with a sewn-on collar full buttoned front styling, with short or long sleeves (sleeveless shirts are not permitted) and cowboy boots or approved laced cowboy shoe with a heel. Unless a medical exemption is made, heeled or any type tennis shoes will not be permitted. Failure to observe dress code will result in a no-time on any steer qualified. This ruling applies to all competitors.

HELMETS

All competitors under the age of eighteen (18) must wear a securely fastened helmet when on horseback at an ATRA affiliated Event. Failure to comply with the helmet rule results in DISQUALIFICATION from the event.

If this offense is undetected at the event but proven true and correct all money, finals spots and points will be forfeited.

It is the responsibility of the competitor to adhere to the rules. Failure to refund prizemoney won to the ATRA office will result in suspension from the ATRA.

FINE FOR BREACH OF RULES

1ST Offence - \$50 Fine

2nd Offence - \$100 Fine

3rd Offence – All points/spots (team roping partner's spots) deleted for that roping. All prizemoney won at that roping to be refunded to ATRA Head Office.

MAJOR OFFENCES

1. Quarrelling or fighting in the arena.
2. Mistreatment of livestock, misrepresenting or falsifying a classification number.
3. Attempting to fix, threaten, bribe, influence or harass any ATRA official at any time, in or out of the arena, or talking with a judge at a time when an event is in progress.
4. Engaging in, or attempting to engage in, and action threatening, berating, harassing, intimidating, assaulting or striking a roping official, a roping spectator, any official representative or employee of the ATRA or any ATRA Contestant.

PENALTY FOR MAJOR OFFENCES

Ropers attempting to fix, threaten, bribe, influence or harass any ATRA official at any time, in or out of the arena, or talking with a judge or timer while an event is in progress will automatically be disqualified, forfeit entry fees, and face a potential disqualification from future events at the discretion of the ATRA Board.

If a roper uses any excuse to enter a roping advertising ATRA numbers, at a number lower than their official ATRA classification, and this dishonesty results in winning a cheque, upon verification, the ATRA will immediately add one number to that individual's official classification for a period of not less than one year. This also applies to any roper falsifying information on another roper's behalf.

CONTESTANT DISQUALIFICATION

1. Being under the influence of liquor and/or illicit drugs in the arena & Consuming alcoholic beverages and/or illicit drugs in the arena.
2. Any roper not acting in a sportsmanlike, reasonable, or professional manner.
3. Rowdiness, quarrelling or fighting within the arena.
4. Mistreatment of stock.
5. Not being ready to compete when called upon, E.g. Horse becomes excessively uncontrollable in roping box.
6. Attempting to fix, threaten, bribe, influence or harass any ATRA official at any time, in or out of the arena, or talking with a judge or timer while an event is in progress.
7. Competitors under the age of eighteen (18) who fail to wear a securely fastened helmet while on horseback at an ATRA affiliated Event.

JUDGING

JUDGES PARTICIPATION

The passing of the flag during roping from one experienced and competent judge to another is permitted. Promoters shall not permit flaggers to rope in a roping event he/she is flagging unless the event is using rotations and more than one flagger is in use. The promoter shall provide each flagger with an ATRA rulebook and shall require that each flagger conduct the event in accordance with ATRA rules. All flag judges must be mounted and exercise a quality level of examination when checking head, heel, and calf loops.

JUDGES DECISION

The decision of the judge will be final however ATRA officials or promoters may appeal to the judge on behalf of the team for review of the call-in question. A judge has the authority to request that any person be excused from the arena if that person, in the judge's opinion, is interfering with the contest event shall be subject to flag judge and competitor negotiation.

QUESTIONING A CALL

Questions may be addressed to the event promoter immediately; no roper may question a judge while an event is going on. Questions may be addressed to a judge no sooner than at the end of the event. Contestant will have the right to explain his side of the story or to clarify a situation to the judge at the proper time and place. However, if the contestant is using abusive language or does not use good judgment, the judge should, at that time, inform said contestant that any continuance of that action will lead to disqualification and forfeit of fees.

EXCEPTIONS TO QUESTIONING A CALL

Should communication concerning the issuance of a penalty or lack of penalty between the judge and timekeeper be incorrect, either team roper can immediately point out the mistake to the judge. In addition, if the ability of the team to compete was impaired by physical conditions in the arena or physical condition of the steer, they may appeal to the judge immediately. Upon making their appeal, the judges' decision concerning the matter is final at that point. Should the appeal not be upheld, the team is required to leave the arena immediately following the decision and may make an additional appeal to the affiliated promoter. If the affiliated promoter overrides the decision of the field judge, at any time for any reason, the promoter is required to inform the ATRA Head Office of that decision and the circumstances surrounding that decision.

PROBLEM HORSES

If a roper has had the opportunity to enter the box and can neither get his horse in the box, nor bring this horse under control while in the box, and in the opinion of the judge this situation has become excessive, the judge has the option of declaring a no time on that steer. In the instance of a horse that will not stay in a box, a "three strikes you're out" rule is in effect. In other words, if the horse exits the box three times, the team will be declared disqualified.

QUALIFYING A STEER

If the contestant is fouled and has no visible way of knowing if chutes or barriers functioned correctly, he must qualify in order to get another chance. If the contestant is visibly fouled or he can visibly see that he is, or will not be fouled, he must declare by pulling up or attempting to pull up and not try to go on with the contest. If he does not declare, he accepts the situation the way it is.

GROUND CONDITIONS

If the arena conditions are deemed by the field judge to be unsafe, competition can be stopped until the unsafe conditions are remedied.

COMPETITION & ANIMAL WELFARE RULES NOT COVERED

If a question on ruling for any competition rules is not covered in the ATRA Rule Book, the APRA Rule Book shall apply. Individual State Animal Welfare Legislation takes precedence where there is a discrepancy with industry rules. See links to State Legislation on the ATRA website.

BARRIER

BARRIER FOULS ROPER

Steer belongs to the ropers when they call for it regardless of what happens, except for mechanical failure and if, in the opinion of the judge, the roper is fouled by a rope barrier, If, in the opinion of the judge, the roper is fouled by a rope barrier, ropers shall get the steer back providing contestant declares himself by pulling up immediately.

BARRIER MALFUNCTION

Should a barrier malfunction during the natural course of a competition, either for the roper or against the roper, the field judge may offer the option of awarding a rerun. If there is no question a barrier sounded prior to contestants leaving the box, or if there is no question a barrier sounded well after the contestant and steer have cleared their respective chutes and lanes, and the steer has been qualified in the field, the field judge may offer the option of awarding a rerun at the end of the round or removing the five (5) second penalty. However, there shall be no question or disagreement that this situation occurred.

LENGTH OF BARRIER

All score line lengths are to be set by the promoter in accordance with arena conditions. Every effort should be made to avoid allowing any team to be outrun.

BROKEN BARRIER

A five (5)-second penalty will be added for beating the barrier.

LINE JUDGE

If a pull barrier is in use, there shall be a line Judge. The Line Judge shall have an ATRA rulebook and understand the rules.

HEELER BARRIER

A heeler barrier shall be encouraged at all ATRA ropings. The heeling barrier shall not exceed the heading barrier by more than five (5) feet.

ANIMAL ESCAPES

If any animal escapes from the arena, flag will be dropped, and watches stopped. Contestants will get animal back from a lap-and-tap start (no-barrier), and time already spent will be added to time used in qualifying. If time is not recorded, the decision of the flag judge shall be final.

ANIMAL ESCAPES HEADGATE

If the gate fails to open in the first attempt, gateman must stop and wait for another nod from the roper. Whatever happens prior to his nod is not to be considered, (horse cannot break a barrier before the roper calls for the animal). If a chute hand inadvertently spills a steer, the header has the option of taking the next steer into the chute, or turnout that steer and take the next.

MISCELLANEOUS RULES

SPORTSMANSHIP

ATRA reserves the right to disqualify any roper who does not act in a sportsmanlike, reasonable or professional manner. Disqualified ropers forfeit all fees.

HOME VIDEOS

Recording for personal use will be permitted, however, unauthorized reproductions, or commercial sales of home videos are strictly prohibited.

DOGS

No dogs allowed in spectator area or arena, dogs on premises must be leashed and remain in campsite only.

PEDDLERS

There will be no unauthorized sales conducted on the roping grounds.

GLOSSARY OF TERMS

GUARANTEED MONEY

Money added to the purse that was not derived from entry fees.

AFFILIATE

Refers to ATRA approved ropings throughout Australasia, where ATRA members can compete, and acquire spots to the ATRA National Finals.

CAP

Refers to the maximum handicap classification number that a roper can have to enter a particular roping. Example: If a roping is capped at #3, no roper with a handicap greater than #3 is eligible to compete in that roping.

BRIDLE CATCH

Is a catch where the rope hangs in the steers' mouth.

DOUBLE NUMBERS

This is where a #4 or higher roper holds a different heading / heeling number e.g., #4 Header #5 Heeler

DRAGGER

A steer that drags their hind legs and will not hop.

ELIMINATOR

A steer that is nearly impossible to rope and eliminates a roper from the Average of a roping.

FLOOR

Refers to the minimum classification number a roper must have in order to participate in a specific roping. Example: If a roping has a #6 floor, no roper who has a classification less than #6 is eligible to compete.

FULL GO-ROUNDS

A full go-round is a round where every roper entered gets the opportunity to rope.

INCENTIVE

As it relates to team roping, an Incentive is a roping within a roping. A separate pool of money is set aside from regular payout pool money in a roping. Those ropers that meet the stated Incentive criteria of a roping can only win this money. A typical "Incentive" would be a case where a #11 roping is stated to have #9 Incentive, these teams (#9) are the only ones eligible to win the incentive pool of money; they are eligible to win money in the overall payout as well.

LAP-AND TAP START

The term means roping without a barrier.

PIGTAIL

Is the short part of a rope barrier that breaks away when the barrier is broken.

PROGRESSIVE

Is another term for sudden death that means, when you miss you are eliminated, Progressive after one means that from the very beginning of the roping, when you miss you are eliminated. Another example would be progressively after two, which means that a roper is guaranteed to rope two steers, however, anything beyond two steers is sudden death.
